6. Supports brightness and temperature sensor;
7. Supports multiple media formats, like videos, pictures and animations;
8. Supports multiple content formats, like video/image files, word, and database.

LINSN TECHNOLOGY

Interface：

Reset	Restore to factory setup
WIFI	Switch for WIFI
AP	Switch for WIFI hotspot
AP LED	Indicator for WIFI hotspot
RUN	Indicator for LED output
PWR	Indicator for power
4G	Indicator for 4G
WIFI	Indicator for WIFI
SYS	Indicator for system
SD	SD card
SIM	4G card

LINSN TECHNOLOGY

TEMP	Temperature sensor
LIGHT	Brightness sensor
4G	4G antenna
WIFI-AP	WIFI hotspot antenna
WIFI-STA	WIFI antenna
LAN/WAN	LAN/Internet
USB	Play via USB flash drive
Audio OUT	3.5mm audio output
LED OUT	For connecting LED screen, max supporting 650 thousand px
BACK UP	For connecting LED screen to backup, max 650 thousand px supported
ON/OFF	Power switch
